cc:
Subject: Re: Docket No. 98N-1265

Please amend the above docket as in its present form, the MOU, as well as the Compounding Section 503A of the Modernization Act, severely restricts the rights of physicians and patients to obtain healthcare products from the provider of their choice, and infringes on the rights of compounding pharmacists to serve the public's medical needs. The citizens of this country should not have their personal health decisions be limited any further by law and, in fact, should be allowed greater freedom in making choices for themselves.

Sincerely,

John Cobb
